Summer Yearbook Workshop

Bryant University
Tuesday June 25th and
Wednesday June 26th

Join us for two exciting days in Smithfield, Rhode Island for New England's annual summer yearbook workshop 2019. This year's workshop features award winning instructors from around the country, with specific courses that will help you through the planning process step by step. Learn what it takes to achieve a great book from proven yearbook pros. Begin the process for planning your 2020 book, and hit the ground running when you return to school in the fall.

WHAT TO EXPECT

We have a full agenda planned to bring many helpful resources from the field experts. This will allow your staff to get a jump start on developing a great yearbook for the class of 2020! We will talk in depth about how to brainstorm and plan your theme for the year; as well as helping to develop your cover design (be sure to sign up for time with the artist). Additional sessions will focus on choosing fonts and colors to help complete your theme package. Fellow yearbook advisers will share their best practices for marketing the book and how to motivate your staff throughout the year. Also available will be hands on computer training assistance for YearbookAvenue, Monarch, Photography and PhotoShop.

A professional photographer will join us and help refine our yearbook photography skills.

FAQ

WHY SHOULD MY STAFF ATTEND THE WORKSHOP?

The workshop is a great time to start your staff team bonding while also planning and preparing for the new school year. Having early buy-in from your students is crucial for a successful school year. You will have support and time to work on your page ladder, theme development along with cover and page designs.

DO ADVISERS HAVE TO ATTEND THE WORKSHOP WITH STUDENTS?

Advisers are not required to attend if they prefer to send students on their own. However, we do find that student effort and interest is far greater when advisers do attend. **We do require advisers to attend with groups of 5 or more.**
